Workshop Agenda	1
Introduction to the Alaska Sea Otter Research Workshop <i>Shannon Atkinson</i>	5
The Ecology and Population Biology of Sea Otters: An Overview <i>James A. Estes</i>	7
Regional Overviews: The Status of Sea Otter Populations	
Research and Conservation of Sea Otters in California <i>James A. Estes</i>	10
Status of Sea Otter Populations in Southcentral and Southeast Alaska, 2002-2003 <i>James Bodkin</i>	12
Status of Sea Otter Populations: Southwestern Alaska <i>Douglas Burn</i>	14
Age-Sex Structure and Spatial Distribution of Sea Otter Beach-Cast Carcasses on Bering Island, Commander Islands <i>Sergey Zagrebelny</i>	16
Distribution and Number of Sea Otters in Kamchatka <i>Victor Nikulin and Vladimir Vertyankin</i>	18
Historical Trends in Sea Otter Populations of the Kuril Islands and South Kamchatka <i>S.I. Kornev and S.M. Korneva</i>	21
Current Sea Otter Research Programs	
Alaska SeaLife Center Sea Otter Research Program <i>Donald Calkins</i>	24
U.S. Fish and Wildlife Service Sea Otter Program <i>Douglas Burn</i>	28

The Alaska Science Center’s Sea Otter Research Program
James Bodkin 31

Methodologies in Sea Otter Research

Recent Findings from Sea Otter Necropsies:
 California and Alaska
Melissa Miller and Kathy Burek..... 33

Methods of Population Assessment:
 Northern Sea Otters in Alaska
Angela Doroff..... 38

Sea Otter Mortality: Overview of Methodology
Alexander Burdin and Donald Calkins..... 41

Are Killer Whales Responsible for Marine Mammal
 Declines in Alaska? A Russian Perspective
Vladimir N. Burkanov 43

Sea Otter Research Methods and Tools
James Bodkin 47

Feeding Ecology of Sea Otters in Simpson Bay, Alaska
*Randall Davis, Andrea Gilkinson, Heidi Pearson,
 and Fred Weltz*..... 50

Studying Sea Otter Foraging Ecology:
 A Review of Some Methodological Approaches
*M.T. Tinker, J.A. Estes, J.L. Bodkin, M.M. Staedler,
 and D.H. Monson* 54

Population Demographics, Survival, and
 Reproduction: Alaska Sea Otter Research
*D.H. Monson, J.L. Bodkin, D.F. Doak, J.A. Estes,
 M.T. Tinker, and D.B. Siniff*..... 60

Literature Cited 66

Work Group Discussions

Work Group 1: Vital Rates and Environmental Factors 71

Work Group 2: Mortality, Diseases, and Contaminants 74

Contents

Work Group 3: Foraging Ecology.....	76
Work Group 4: Predation.....	77
Work Group 5: Russia Sea Otter Program.....	81
Summary of Recommendations.....	84
Speaker Biographies.....	86
Directory of Invited Researchers.....	95
Index.....	98
