Symposium Introduction

Albert V. Tyler 1

Overviews, Management, and Economics

Overview of Southern King Crab and False King Crab Fisheries in the Magellanic Region

Julio H. Vinuesa, Leonardo Guzmán and Roberto González 3

Overview of Tanner Crab Fisheries around the Japanese Archipelago

Tohshi Kon 13

Status of the Southern King Crab (*Lithodes santolla*) Fishery of the Beagle Channel, Argentina

Jorge Guillermo Wyngaard and María Inés Iorio 25

Evaluation of Alternative Management Measures to Reduce the Impacts of Trawling and Dredging on Bering Sea Crab Stocks

David Witherell and Gretchen Harrington 41

Life History Strategies, Recruitment Fluctuations, and Management of the Bonne Bay Fjord Atlantic Snow Crab (*Chionoecetes opilio*)

Gerard Y. Conan, Michel Starr, Michel Comeau, Jean-Claude Therriault, Francesc X. Maynou i Hernández, and Guy Robichaud ... 59

Development of an Expert Computer Vision-based Crab Classification System

William E. Donaldson 99

Impact of Uncertainty on ITQ Management of the Bristol Bay Red King Crab Fishery

Richard Lynch, Scott Matulich, and Ron Mittelhammer 115

Fisheries Biology of the Giant Crab (<i>Pseudocarcinus gigas</i>, Brachyura, Oziidae) in Southern Australia <i>Andrew Levings, Bradley Duncan Mitchell, Thomas Heeren, Christopher Austin, and Jamie Matheson</i>	125
Economic Evaluation of Superexclusive Designation for the Summer Norton Sound Red King Crab Fishery <i>Bill Natcher, Joshua A. Greenberg, and Mark Herrmann</i>	153
Distribution and Abundance	
Distribution of Golden King Crabs by Sex, Size, and Depth Zones in the Eastern Aleutian Islands, Alaska <i>S. Forrest Blau, Douglas Pengilly, and Donn A. Tracy</i>	167
Ecology of the Snow Crab (<i>Chionoecetes opilio</i>) from an Isolated, Unfished Bank in the Sea of Japan <i>Tohshi Kon, Naoto Letugu, Kazuhiro Ryoike, and Masakazu Kawashiro</i>	187
Larval Distribution of <i>Chionoecetes</i> (Majidae, Brachyura) in the Sado Strait, Sea of Japan <i>Ikuko Yoshio, Toru Nagasawa, and Kooichi Konishi</i>	199
Dispersion of Adult <i>Cancer magister</i> at Glacier Bay, Alaska: Variation with Spatial Scale, Sex, and Reproductive Status <i>Charles E. O'Clair, Thomas C. Shirley, and S. James Taggart</i>	209
Behavioral Basis of Depth Regulation in the First Zoal Stage of the Giant Crab (<i>Pseudocarcinus gigas</i>, Brachyura, Xanthoidea, Oziidae) <i>N. Caleb Gardner</i>	229
Application of Kriging Trawl Survey Data to Estimate Red King Crab Distribution and Abundance in Bristol Bay, Alaska <i>Ivan Vining and Leslie J. Watson</i>	255
Comparisons of Abundance Estimation Methods for Red King Crabs in Bristol Bay and Kodiak <i>J. Zheng, G.H. Kruse, and M.C. Murphy</i>	283
Were Alaskan Red King Crabs Overfished? <i>Gordon H. Kruse, Fritz C. Funk, and Jie Zheng</i>	295
Evaluating an Index of Snow Crab (<i>Chionoecetes opilio</i>) Biomass from Trapping Surveys <i>E.G. Dawe, D.M. Taylor, and J.M. Hoenig</i>	301

Reproduction

- Spawning Cycle of Horsehair Crab (*Erimacrus isenbeckii*) in Funka Bay, Southern Hokkaido, Japan**
Jiro Nagao, Hiroyuki Munehara, and Kenji Shimazaki 315

- Reproductive Strategies of Two Lithodids in the Beagle Channel, Argentina: A Complementary Management Tool in a Changing Fishery**
Gustavo A. Lovrich and Julio H. Vinuesa 333

- Timing and Duration of the Mating and Molting Season for Shallow Water Tanner Crab (*Chionoecetes bairdi*)**
J. Eric Munk, Susan A. Payne, and Bradley G. Stevens 341

- A Note on Mortality and Injury Rates of Male *Chionoecetes bairdi* (Decapoda, Majidae) Competing for Multiparous Mates**
J.M. Paul and A.J. Paul 343

- Reproductive Conditions of Prespawning Multiparous Female Tanner Crabs (*Chionoecetes bairdi*) from Chiniak and Womens Bays, Kodiak Island, Alaska**
Bradley G. Stevens, Jan A. Haaga, William E. Donaldson, and Susan A. Payne 349

- A Note on Energy Costs of Molting and Egg Production for Female Red King Crab (*Paralithodes camtschaticus*)**
A.J. Paul and J.M. Paul 355

- Causes of Reduction in Crab Brood Abundance and Role in Reproductive Strategy**
S.A. Nizyaev and V.Y. Fedoseev 365

- Hormone and Reproductive Strategies in Spider Crabs with Emphasis on Commercially Important Species**
H. Laufer, J.S.B. Ahl, P. Takac, G. Scott, B. Stevens, J.E. Munk, and S.A. Payne 383

Age, Growth, Size, and Feeding

- Radiometric Estimation of Shell Age in *Chionoecetes* spp. from the Eastern Bering Sea, and Its Use to Interpret Shell Condition Indices: Preliminary Results**
Ahmad Nevissi, José M. Orensanz, Augustus J. Paul, and David A. Armstrong 389

Molting Patterns in Southern British Columbia Dungeness Crab and Implications for Fisheries <i>Glen S. Jamieson</i>	397
Activity and Feeding of Ovigerous Dungeness Crabs in Glacier Bay, Alaska <i>Deborah A. Schultz, Thomas C. Shirley, Charles E. O'Clair, and S. James Taggart</i>	411
Preliminary Report on Interannual Variation in Size-specific Molting Probabilities of Adult Female Dungeness Crabs (<i>Cancer magister</i>) in Northern California <i>David G. Hankin and Qian-Li Xue</i>	425
Reproductive Conditions, Fecundity, and Size at Maturity for the Arctic Lyre Crab (<i>Hyas coarctatus</i>) in the Eastern Bering Sea <i>Jan A. Haaga and Bradley G. Stevens</i>	443
Changes in Carapace and Chela Measurements of Functionally Mature Male <i>Chionoecetes bairdi</i> Held in the Laboratory <i>A.J. Paul and J.M. Paul</i>	445
 Recruitment	
Recruitment Variability in Snow Crab (<i>Chionoecetes opilio</i>): Pattern, Possible Causes, and Implications for Fishery Management <i>Bernard Sainte-Marie, Jean-Marie Sévigny, Barry D. Smith, and Gustavo A. Lovrich</i>	451
Growth Assays with First-feeding Zoeae of King Crab (<i>Paralithodes camtschaticus</i>, Decapoda, Lithodidae) in a Plankton Community of a Deep Fjord <i>A.J. Paul and J.M. Paul</i>	479
Modeling Advection of Dungeness Crab (<i>Cancer magister</i>) in Dixon Entrance and Northern Hecate Strait, British Columbia <i>William R. Crawford and Glen S. Jamieson</i>	489
Does Intense Male Harvest Limit Egg Production of Protected Female Stocks of Dungeness Crabs? <i>David G. Hankin, Terrance H. Butler, Paul W. Wild, and Qian-Li Xue</i>	507

Conceptual Modeling of Brood Strength of Red King Crabs in the Bristol Bay Region of the Bering Sea <i>Albert V. Tyler and Gordon H. Kruse</i>	511
--	-----

Postlarval Red King Crab Density Dependence in Artificial Collectors, Kodiak, Alaska <i>M.C. Murphy and S.F. Blau</i>	545
---	-----

Genetics, Disease, and Mortality

Bitter Crab Hemolymph Studies: Indications of Host Physiological Condition <i>David Love, Robert Thomas, and Adam Moles</i>	549
---	-----

Sea Otter Predation on Dungeness Crabs in Glacier Bay, Alaska <i>Thomas C. Shirley, Gretchen Bishop, Charles E. O'Clair, S. James Taggart, and James L. Bodkin</i>	563
--	-----

Effects of Handling and Discarding on Mortality of Tanner Crabs (<i>Chionoecetes bairdi</i>) <i>Richard A. MacIntosh, Bradley G. Stevens, Jan A. Haaga, and B. Alan Johnson</i>	577
---	-----

Is Handling Responsible for the Decline of the Red King Crab Fishery? <i>Shijie Zhou and Thomas C. Shirley</i>	591
--	-----

Development of Artificial Reefs for the Horsehair Crab <i>Hirayuki Munehara, Jiro Nagao, and Tamezo Maruyama</i>	613
--	-----

Observations on the Biology of the Lithodid Crab <i>Paralomis spinosissima</i> from the Southern Ocean near South Georgia <i>Robert S. Otto and Richard A. MacIntosh</i>	627
--	-----

Barents Sea King Crab (<i>Paralithodes camtschaticus</i>): Transplantation Experiments Were Successful <i>Sergey Kuzmin, Steinar Olsen, and Olga Gerasimova</i>	649
---	-----

Growth, Mortality, and Food Preference in Laboratory-reared Juvenile King Crab (<i>Paralithodes camtschaticus</i>) <i>Atle Mortensen and Børge Damsgård</i>	665
---	-----

Summary Report of the International Workshop on Research Needs	
<i>A.J. Paul, Moderator</i>	675
Crab Research in Alaska: An Interagency Long-term Plan	
<i>Gordon H. Kruse</i>	695
Participants	707
