

# Alaska Seas and Rivers Curriculum Teacher Workshop

*Alaska Sea Grant*

**Alaska Seas and Rivers Teacher Workshop  
ED A581**

*April 9 - 10, 2011*

*Kodiak, Alaska*

## **Don't miss this opportunity to:**

- \* Attend the Kodiak Area Marine Science Symposium for credit!
- \* Explore high-quality on-line science education units for grades K-8
- \* Get hands-on training exploring specific lessons that are ready to be used in your classroom
- \* Increase your content knowledge of marine/aquatic environments

Kodiak Island School District will provide transportation, lodging and per diem for teachers from their small K-12 schools to attend the workshop!

The workshop is designed to provide one full day of exploration of lessons found in the Alaska Seas and Rivers On-line curriculum, a half day of field experience and a half day of science symposium attendance to learn about current scientific research being conducted in the Kodiak area.

The one-credit professional development course is available to teachers and informal educators at the brokered rate of \$40. Participants must register for the course at Kodiak College.
