The SAGE 2YC Workshop is held in conjunction with the WAISC at the University of Alaska Fairbanks Northwest Campus, Nome.

The one day workshop focuses on how to successfully integrating science curriculum into programs offered at Alaska rural campuses.

This workshop is a collaborative effort between CRCD and Alaska EPSCoR. For more information visit:
https://serc.carleton.edu/sage2yc/workforce/local2013alaska/index.html

All participants are asked to register at:
